

Atrocious Treatment Of Innocent Peasants

Twenty-Three Killed And
Over One Hundred
Mutilated

(Bulletin Special)

Kheron, Prussia, Oct. 1. — Ninety-seven peasants were tried here today on the charge of having devastated the estate of M. Krivoshein, ex-minister of railways. Sixty-three were sentenced to imprisonment while thirty-four were acquitted. The trial brought out a record of the horrible atrocities committed by the authorities upon the accused. The chief of the district, accompanied by Cossacks, reached the estate soon after the devastation. All the peasants on the ground at once were gathered in. No investigation was made. The chief invited the priests to administer the last sacrament to the prisoners and then ordered the Cossacks to beat them all to death. The butchery lasted for four hours. Twenty-three peasants were killed and one hundred and thirty mutilated. The Cossacks, then thoroughly tired out, commanded the peasants to continue flogging each other, and men had to beat their own brothers, sons and fathers. The victims of this slaughter were innocent, those really guilty having escaped by flight. In spite of these revelations the court passed sentences as related above.

WIRELESS FOR THE PACIFIC.

(Bulletin Special)

San Francisco, Oct. 9. — Plans are being perfected to establish wireless telegraph between this city and Honolulu.

NO RACE NEXT YEAR.

(Bulletin Special)

New York, Oct. 2. — There will be no race for the America cup in 1907, according to the Times which says today: "Whatever may be the ultimate outcome of Sir Thomas Lipton's negotiations for another America cup race it can be stated that there will be no race next year. Assurances are said to have been positively given that under no condition would the New York Yacht club consider a race in 1907. What might be done in the following year or what action may be taken on the question of rules to govern any match that is arranged is absolutely uncertain."

Driving Club

Organization Meeting Held at the
Grand Central Hotel Last Night
— Want Speedway in City

Edmonton now has a gentlemen's driving club built on the most approved lines and in the near future will have a speedway of which the horse fanciers of the city and surrounding country can work out their fast steps in a central park.

At the Grand Central hotel last night a meeting was held of the horse fanciers of the city at which steps were taken towards the organization of a driving club. Officers were elected and a committee appointed to report on the possibilities of a speedway.

There were fifteen present at the meeting. Chas. May was elected honorary president; R. P. Inglis, president; E. J. Taylor, vice-president; Robt. Teglar, secretary and C. J. Robert, treasurer.

The committee appointed to inquire into the possibilities of securing a speedway were Messrs Harrick, Uran and Robert.

Although there are probably more horse fanciers to the population and more good horses paraded in Edmonton than in any other city in Western Canada, Edmonton has never yet had an organized driving club. Two years ago a few of the more enthusiastic made a little contribution and with the assistance of the city got a street fixed up in the east and which was used as a speedway for some time but had to be abandoned later on account of the increasing population.

The present is an effort to perfect a proper driving club organization. All horse fanciers either in Edmonton or the surrounding country are invited to become members. The club hopes to secure a speedway three-quarters of a mile long, straightway, and 80 or 90 feet wide on which the owners of fleet-footed equines can brush to their hearts content. The committee appointed will inquire into the possibilities of securing such a speedway in either one of the city parks, and failing that, of getting a street north of Rat Creek set aside to their use. Another meeting will be held two weeks from last night, October 15th, at which the committee will report. All in sympathy with the object of the club are invited to be present at this meeting.

LAHM WON.

(Bulletin Special)
Paris, Oct. 2. — Linnet, Frank P. Lahm won the bullion race for the Gordon Bennett cup which started from her Sunday afternoon.

Rancher Wounded

In Row With Italians at Cochrane.
Thirteen Prisoners Taken

Calgary, Oct. 1. — A rancher, named Hewitt, at Cochrane on Saturday got drunk and went out on the street to thrash some thirty Italians, who were in town. Subsequently his brother found him under the thirty Italians. One had a gun thrust in the prostrate man's face with the evident intention of shooting him. The brother managed to land on the Italians with a big stick when the gun was discharged in the air as the Italian went down.

When Hewitt was rescued from under the Italians he was in a very serious condition. Seven stab wounds were in his body, one deep wound below the kidneys extending to the hip, and other wounds were scattered over his body. The most serious one was between his shoulders. Two inches of a heavy blade was imbedded and broken off in the spinal column.

Later in the day Ed. Cole, another young ranchman, was walking along the street when he was attacked by the Italians. His abdomen was ripped open and his liver exposed by a knife cut. Both men are in a very serious condition. Hewitt was brought to the general hospital here. The other man is being attended to at Cochrane. Frank Maignetto is the man who attacked Hewitt and wounded Lawrence Savage. Col. Inspector Fuffus and Sgt. Wilson of the R. N. W. M. P. visited the scene of disturbance and brought back thirteen prisoners.

Sherring Number Two

Dennis Denmet Also Of Hamilton Won
25 M's Race At Chicago

(Bulletin Special)
Chicago, Ill., Oct. 2. — Dennis Denmet, of Hamilton, Ont., today won the second annual Marathon race of the Illinois Athletic club, finishing in front of the club house at 3:44 o'clock. He made the twenty-five mile run from Ravensdale park in excellent form, his only delay being at the Bush street bridge, which opened on a hill. For fully half his course he was ahead of the world's record. As it is his time beats the western mark. His time was 2:41:33.

Hamar Is Radical

Denies Emphatically Arnoldi Story
That He Did Not Know His Own
Politics

Hamar Greenwood, the Canadian member for York, England, in the Imperial house, spent yesterday and Sunday in Edmonton, putting in a quiet day among friends whom he knew in early days before his parliamentary career commenced.

At the station last night Mr. Greenwood gave a few moments to the reporter. He liked Edmonton and would like to stay longer but was slated to speak before the Press Club in Toronto on Friday night, and has dates following in Ottawa, Montreal and Boston, in which latter city he is slated to speak before the Canadian club.

Mr. Greenwood denies emphatically the imputation of "Tim Mugg" Arnoldi that he did not know what side in politics he was on in the old country, but was a mugwump looking for election. Arnoldi so characterized Greenwood at a banquet of the Canadian Club in Montreal a couple of weeks ago.

"It was malicious and uncalled for," said Greenwood. "Arnoldi knows that I am the most radical member in England, and have never changed my views."

Apparently Greenwood does not take the woman suffrage campaign seriously. Speaking of the deputations which besieged the Cabinet members not so long ago, he merely says that being women they must be treated as such.

Put up the Job

Tory Candidate Offered \$1000 to
Man to Scandalize With

(Bulletin Special)

Aylmer, Ont., Oct. 2. — The Orwell hotel case came before Magistrate Hunt here today. David Butler, hotel-keeper, is charged with keeping a disorderly house, and W. F. Hepburn, formerly Liberal candidate for the Commons in East Elgin, is accused of misconducting himself in the hotel. Hepburn denied all charges.

Butler said he had been offered \$1,000 by Marshall, the Conservative candidate, and his friends, to put up this job. Butler and Bournier went to Port Stanley and Butler demanded the money from them, but got none. Butler said "Then we will go after you." The case continues tomorrow.

CAR FOR THE LAMA.

(Bulletin Special)
London, Oct. 2. — One sequel to the British intrusion into the forbidden land of Tibet from which, for ages, custom has excluded western inventions will be the immediate introduction of an automobile. Captain O'Connor, British trade agent at Gyantse, is known in the neighborhood of Tashitump and the motor will be the first vehicle the natives have seen. Tashi Lama will have a road made from his monastery to Gyantse where there is now a road.

LUNATIC SUICIDES.

(Bulletin Special)
St. Thomas, Ont., Oct. 2. — Duncan Lamont of Kintyre, who has been confined in the London insane asylum for three months, was brought home Saturday. He went to his barn yesterday morning and took a dose of Paris green from the effects of which he died early this morning.

The Peace River Gold District

Calgary Alberta: "There is gold in the Peace River country, and I know it, have seen it, have prospected, have had it assayed. There is one place where the country is rich in gold, but the place I know of is not in the district that it is reported that the gold has been discovered."

This was the statement made by Col. Walker to an Alberta representative.

Also Murderers

Robbers Chloroformed a Family and
a Woman Died From Effects

(Bulletin Special)

St. Paul, Minn., Oct. 2. — Harry E. Collins, a farmer living near Parker, S.D., was robbed early this morning. The robbers removed the screen from the bedroom window, chloroformed the family, and stole \$200 which he had drawn from the bank Saturday, and robbed the half a tank. Mrs. Collins is dead. The doctors were unable to resuscitate her. Collins is very weak as are also the two children, and the former is not expected to recover. The robbers stole Collins' horse, which came back saddled and bridled. The sheriff and posse are scouring the country. The robbers must have seen Collins draw the money from the bank.

ROBBERS AT BROADVIEW.

(Bulletin Special)
Broadview, Man., Oct. 2. — A Dominion Express package containing jewelry was stolen from Grenfell station Friday night last. The Granite Hotel safe was broken open the same night and the contents taken. A thousand dollars was there the day previous but fortunately had been banked. N.W.M.P. are investigating the case.

TO BEAUTIFY TORONTO

(Bulletin Special)
Toronto, Oct. 2. — Meetings of the guild of civic art for the beautification of Toronto have been resumed. A resolution has been carried to engage a man with technical experience to collect and tabulate information gathered upon different subjects that is needed for the development of the objects of the guild.

Traffic Tied Up

Freight Handlers Out At Lake Ports
And Steamers Are Unable To Load

Port William, Oct. 1. — Fort William and Port Arthur are now in the midst of one of the most serious strikes in the history of the twin lake towns. Freight handlers of both the Canadian Northern and Canadian Pacific to the number of 700 are still on strike.

The majority of the men are foreigners, mostly Italians who are drinking heavily and are in such a mood that serious results are feared. So alarming has the situation become that fifty special police have been sworn in fully armed to assist the local authorities in preserving order and protecting property. Many drunken rowns have occurred among the strikers who have pickets on the docks and state most emphatically that they will not be replaced. The railway men are not implicated in the strike but those who have to go to their duties on the docks have refused to do so unless furnished with police protection, while the clerks at work in the freight sheds have been warned to arm themselves. Police patrols will be doubled. One serious phase of the strike is that there seems to be no leaders who are

willing to confer with the railway officials, and the latter refuse to take the chance of going among the strikers on the docks. William W. W. Vice President of the C.P.R. is here but so far has not succeeded in making any arrangements with the strikers.

Representatives of the C. N. R. have visited the homes of some of the strikers and offered 25 cents an hour for week days, holidays and nights which would be an increase of 2 1/2 cents for nights and 5 cents for days. The offer was refused. There is fear that the coal dock employees will also strike.

Port Arthur, Oct. 1. — The strike situation here is aggravated. 43 employees of the British American elevators have gone on strike demanding 5 cents an hour increase. Striking freight handlers tried to compel the workmen on the excavation of the new C.P.R. station to quit work and when the latter refused they were rushed by 200 strikers and driven from the excavation. One constable interfered but was overpowered. It is believed that the C. N. R. will fight the strike and will bring in men from the outside in which case there is likely to be bloodshed.

All incoming trains are met by heavy police guards. Three steamers are tied up here unable to unload freight and there are seven at Port William. The strike is demoralizing the lake traffic.

Graders Rushing On White Whale Branch

Debentures Passed

City Council Authorizes Issue of
\$165,487.57 At Special Meeting
Last Night

At a special meeting of the council last night \$165,487.57 was added to the debenture debt in a twenty-minute session.

The debentures which were authorized were to cover the cost of work done on sidewalks, sewers and waterworks in 1905, for which amount the city is carrying overdrafts in the bank.

The specified amounts are as follows:

Special tax on local improvements; Sidewalks and street gradings, 1905, \$21,761.97, with eight years to run.

Cement sidewalks, 1905, with twenty years to run \$29,512.44.

Sewer extensions, special tax, 1905, \$35,084.25. Total for local improvements, \$86,358.66.

General tax, sewer extensions, \$26,837.71.

Water extensions, general tax \$35,128.91. Total general tax debentures \$85,128.91.

The debentures for these amounts will date from October 1, and will be issued at once and put up for sale.

This last issue brings the total of the authorized but unsold debentures in the hands of the city up to a figure very close to \$500,000. Of this amount \$100,000 is represented by the Grand Trunk Pacific appropriation which was voted two years ago. The remaining \$400,000 is practically all represented in overdrafts, the city having overdrawn its accounts at the bank to that extent. The debentures will probably be advertised for sale in the immediate future. The eight year debentures will bear five per cent interest and the twenty-year, and the forty-year debentures will probably pay 4 1/2.

Engineers Laying Out Townsite on Indian Reserve. Steel Lay- ing Starts Next Week

James McCrimman, grade contractor on the C. N. R., who is in the city today, reports that the graders are rushing work on the White Whale Lake branch as they expect to have the steel gang at their heels in a few days. The McCrimman gang is working now about nine miles east of the lake, and it is not probable that they will reach the lake this fall, as a big muskeg on the Indian reserve will keep them busy grading most of the winter.

A townsite is being laid out on the Indian reserve east of Waburnum Bay, and on the south side of the beach, where the trestle crosses the bay. Surveyor McLean is doing the platting.

Between Edmonton and the end of the grade, where the McCrimman gang is working there is only one gap left to fill up. This is on the Mannix contract about twenty miles from the city. The Mannix people are making every effort to get the work done before the steel reaches them. They are hiring every available man at \$3.50 per day and have a large force working.

It is expected that the steel will be in Morinville about the end of this week; when the track-layers will immediately switch over to the White Whale branch.

Ranfurly Troubles 'Scona's Light Plant

Passenger and Freight Accommodation Badly Needed

Rapidly Nearing Completion. New Wiring System Installed.

Ranfurly, Sept. 29.—The people of Ranfurly are general too busy for kicking but once in a while they get time to think of their grievances. Ranfurly is doing as much as, or more business than any town near its size on the C.N.R. and why they are being sidetracked by the railway magnates is past understanding. They have neither freight shed, ticket office nor even platform. There is lots of freight being dumped off every day and the yards are generally full filled with a conglomeration of farming implements, barrels of coal oil, bags of sugar, flour, rolled oats and rice, cases and crates of fruits, barrels of salt and all kinds of mercantile goods, a great deal of which lies in the mud and rain for days until called for by the distant consignees. Invoices for express goods are frequently thrown out with the goods and often after rolling around in the mud for a while are carelessly by the passing Zephyr and transported to the first convenient "aloo" for the edification of the tadpole. Passengers on dark and pitchy nights are let gently down into the soft-clinging Alberta mud, and it may be that in making for the bright lights of the Alberta hotel they find themselves wrestling with a new Massey-Harris binder or taking a catch-as-catch-can hold on a sulky plow. J. M. Strange, proprietor of the Ranfurly house fills the role of voluntary freight and baggage agent and general life saver, but the pay is small for the amount of work involved and Mr. Strange is going to get tired some day.

The C.N.R. has an agent here with headquarters in the water tank where can be heard the click-click of the lightning jerker mingled with the drip-drip from the leaks above.

Surely the claims of Ranfurly for freight and passenger accommodation cannot much longer be disregarded. A number of enterprising business men are established in the town and there is a large country trade necessitating a great deal of freight. There are several country stores back in the farming districts and their goods often lay along the track for days.

Ranfurly might be called the sportsman's paradise of Alberta. In no part of the province is there game in greater abundance and many big bags have been secured by Edmonton and other sports this season. We do not mean to imply that it is a country of "aloo". Quite the contrary for it is an exceptionally fine farming district and Ranfurly farmers are as good as the best.

With the approaching winter the work of installing Strathcona's new electric plant is being rapidly pushed forward.

Mr. George Solid, foreman, with about 30 men in charge, commenced in July last, the reconstruction of the new wiring system throughout the whole town, and has now almost completed the work in a very satisfactory and creditable manner, and in an exceedingly short space of time.

The wiring has been done on the most approved plan and separate wire circuits have been set for bath, house and street lighting. The two circuits run right to the bridge, and there will be a string of arc lamps all the way from Whyte avenue along Cameron street, and down the bridge road to the bridge.

There are 46 arc lights, which have been supplied by the Westinghouse Electric Co., while there are about 400 electric meters town.

The street lights and house lights, which are on different circuits, can both be controlled entirely from the power house.

Wherever possible the poles and lines are set and run in the alleys, thus keeping the main streets clear.

The initial street lighting under the new system will total 500 candle power are lamps, and the incandescent clusters for street lighting will be entirely abolished.

Electrician Charles Taylor supervised the work and expresses the opinion that the new plant will more than pay its way right from the start.

A 200 h. p. boiler, supplied by The Robb Engineering Co., Amherst, Nova Scotia, has arrived and is being installed, while the foundations of cement have been laid for the engines and direct connected dynamos. Two excitors and one generator have also arrived.

cecececece etoin shrdlu sh cm cm
An unfortunate delay, however, has occurred with the shipping of the engines, owing to the immense rush of work in the factories.

Sad Accidents can be Averted

The chapter of accidents that have occurred at summer resorts this season only say a word in favor of

White Whale Beach

as an ideal safe resort for boating. The beach of this property is on the bay where rowing can be enjoyed in windy weather.

You have access to the Lake proper from the Bay and from this, the choice of all resorts at White Whale you can command a beautiful view of the whole Lake. For particulars see

Scaffold Fell

Innistrone Man Injured and Brought to the City for Treatment

Innistrone, Sept. 29.—What very nearly proved to be a fatal accident occurred here on Monday. Contractor J. A. Courtemanche, with D. Norris and J. Lore, were working on the new Morris block when the scaffolding gave way and the three men fell to the ground a distance of twenty-five feet. Mr. Courtemanche is a heavy man and in falling first struck a fanning mill, inflicting a painful wound on the right leg, then pitching head first to the ground, and under the falling stage, one of the planks of which struck him on the head. The unfortunate man was picked up in an unconscious condition the blood streaming from his face and Dr. Ryan, of Vermilion, was telegraphed for. He arrived after a time, and had the injured man conveyed to the hospital at Edmonton, where he will be insured medical treatment.

The other men were badly shaken up but escaped serious injury.

A medical man and a drug store are much needed at Innistrone. Besides the growing town people, there is a good country surrounding.

There is quite a building boom on Norris Bros. are building a new block 40 by 50 feet, two stories and will go into the hardware and furniture business on a large scale. A. Johnson is building a store 30 x 40 feet, and Roberson Bros. commences operations soon on their grain warehouse buying and shipping grain.

The Canadian Bank of Commerce, recognizes the possibilities of Innistrone will open a branch office here in a few days.

Innistrone has attained quite a notoriety through the reported gold strike a few days ago, and the whole town is on the qui vive for further information. That there has been traces of gold found appears to be altogether likely, but as yet there is nothing to get very excited about. Samples have been forwarded to Winnipeg for analysis. The old Indians tell a tale that many moons ago the mighty Saskatchewan flowed through the valley that now affords only the little succession of lakes, pools and rivulets known as Birch Creek and by some of the manufacturers of nature its course was changed. Investigations and observations appear to support this legend and the C. B. & N. Co. are likely to strike gold more certain than a gravelly shingle of the once mighty river.

Innistrone has an ideal location for a pretty country town. A little prevailing monsoon of the average people is broken by its natural scenery. From the level near the railway it rises gradually then abruptly, to the top of a high hill, from which can be had a fine view as any in the land. For many miles in all directions are the rolling prairies, the finest of Alberta's farm lands, dotted with the homes of settlers and interspersed with rivers, lakes and streams. At the foot of the hill and within a mile of the south of the town is Birch Lake, a beautiful stretch of water between fifteen and twenty miles long attested with islands and an irregular coast line.

Innistrone is bound to become an ideal summer resort for there is an exceptionally good bathing beach and the waters of the lake are uniformly deep, making fine boating. Then what fine picknicking resorts the wooded forest would make.

Byron E. Walker, general manager of the Canadian Bank of Commerce, on his recent trip through Alberta, had his special stopping here while he spent an hour looking over the beauties of the lake and district as seen from the top of the hill and was greatly surprised by what he saw and the possibilities of Innistrone as a summer resort. To see is to be convinced and come and see for yourself. The people of the town are alive to the fact and Main street is being graded over the hill to the lake.

Innistrone has a good hotel owned and conducted by M. M. Brunelle, an old Edmonton man, who is enjoying a good return and is waxing prosperous. The town is growing fast and already there are a number of stores and other business places. Another two or three years should see it an incorporated town, a popular summer resort, a business centre for the farming districts around and having all the modern improvements.

FUR TRADERS ARRIVE

Ed. Nagel, of Nagel & Hyslop, reached this city on Saturday night and several members of the crew who helped bring the fur up the river, reached town yesterday. The fur pack is on the way across from the landing, and will probably reach the city tomorrow.

League Very Healthy

Base Ball Talk Breaks out in Lethbridge and Medicine Hat Meeting Oct. 15th

Baseball talk has broken out in Lethbridge and the coal town can be confidently counted as one of those that will be in the Alberta league for the season of 1907.

News of the new find is brought to the city by Bruce Robinson, the cash register man, who sells National wherever they make changes in Alberta and carries a side line of baseball bats to work off after hours. Bruce is one of the faithful fans who has been the life and energy of the tall game in Calgary, and while on his travels he has been doing a little missionary work for the league in other towns. He reports that both Lethbridge and Medicine Hat are in line and will put teams in the field.

While not intending to intrude his views on the forthcoming meeting, he gives it as his personal opinion that a four team league, consisting of Edmonton, Calgary, Medicine Hat and Lethbridge is the correct line-up for next year, pointing out that side dates could always be had at Macleod, Taber, Wetaskiwin and the Port to keep the baseball performers working on whatever dates their schedules was not filled by the regular play. He expresses the opinion that this arrangement would probably suit the smaller towns better than to ask them to assume the expenses of a regular team in the league which would necessarily be travelling a good deal of the time.

This was merely a personal opinion, however, and delegates from all the towns will be asked to attend the organization meeting.

The date for the meeting has been set as Monday October 15, to take place in Medicine Hat, the far Edmonton, Calgary, Great Falls, Lethbridge, Medicine Hat and Saskatoon, have admitted their readiness to send delegates to the meeting. According to the frame-up, each town will be asked to send two delegates who will have one vote. It is quite probable that the whole proposition will be arranged at this meeting and National sanction applied to at once. A rough map will be made of the league and the meeting will commence at once to arrange for grounds and sign members for next year.

Another Lumber Rise

Local Dealers Informed That Advance Will Take Place In Several

Local Dealers Informed That Advance Will Take Place In Several

The lumber dealers of the city have received notice from the lumber manufacturers of British Columbia that ship, boards, dimensions, timber and No. 2 flooring, ceiling and siding will be advanced \$1 per M.; No. 2 flooring, ceiling and siding \$2 per M.

hunting, "Rod and Gun and Motor Sports in Canada," published by W. J. Taylor, at Woodstock, Ont., which gives the sportsman just the reading matter he wants, and increases his desires to be far afield. "Scientific Deer Hunting" by Dr. Franklin Hawley, and "In the Woods with Indian Guides," by Mr. C. C. Farr, would alone render any number notable, but there are a dozen hunting stories in addition, several fishing stories and papers concerning all parts of Canada. The fine illustrated accounts of the qualification club for the membership of the Alpine Club of Canada; and of the Convention of the Ontario Fish and Game Protective Association add interest to an excellent number, and give a variety calculated to meet all tastes. Boating, automobile, sporting items, and trap shooting, are dealt with at generous length, and show how thoroughly this magazine fills the held as the representative Canadian Magazine of sport and outdoor life.

MORNING POST TAKES A HAND

(Bulletin Special)
London, England, Oct. 2.—The morning Post, discussing Canadian affairs, says that the formation of a labor party in Canada will bring new life into politics though the party cannot exert much interest for many years. Referring to Sir Wilfrid Laurier's recent speech, it says that he forgot to mention that the Canadian premium against war risks has been found for generations by Britain, and that sooner or later national self-respect must compel Canada to face the problem first on self defence and secondly by contribution towards an Imperial navy.

DEVLIN COMES TO CANADA

(Bulletin Special)
Ottawa, Oct. 2.—Sir Wilfrid Laurier speaks at a mass meeting in Quebec on Wednesday evening. He will be accompanied by Hon. A. Lemieux, Postmaster general, and Charles Devlin, British member of Parliament, who is going to resign and run for a Canadian constituency.

THE TARIFF POLICY OF THE MANUFACTURERS

One point at least of public interest the Canadian Manufacturers made clear in their recent Winnipeg convention—that the association as a body stands for a general advance in the tariff. That the tariff question would occupy a large part of the time of the convention was a foregone conclusion, and also that a conspicuous unanimity would be found among the members regarding the question. The results amply fulfilled the expectations and made plain to the people of Canada that this body of men comparatively small in number, but comparatively powerful in influence and wealth stand united for the purpose of securing a heavier tariff on goods imported into the country. More than this the manufacturers are admitted to be men who do things rather than dream them, and the announcement of their purpose was equivalent also to the announcement that both their influence and their wealth would be brought into all legitimate service to secure the early accomplishment of that purpose. The convention resulted therefore, practically, in notice being served on the people of Canada, that it is the purpose and intention of the Canadian Manufacturers' Association to employ their powers as a body to secure a substantial and general increase of the tariff.

The tariff issue is therefore clearly drawn as far as the Manufacturers' Association is concerned and the political program of the Association is in consequence likewise clearly drawn. That whatever influence the members of the Association may have upon the members of Parliament, will be exerted in furtherance of their avowed purpose goes without saying; and also that whatever influence the manufacturers can wield will be brought to bear upon public opinion, through the press and otherwise. It is also fairly deducible that in ensuing political contests the moral support of the Association, if not the active assistance of its members, individually or collectively, will be with the party which promises to carry its purpose into effect. In announcing its approval of the tariff policy of the Opposition and its disapproval of the tariff policy of the government, the association has given notice that openly or otherwise it will be a force in politics in the future as it has been in the past.

It is of course the privilege and the business of the Canadian manufacturers to hold as individuals or as a body what tariff views they please and to promulgate these views by all honorable and legitimate means. But it is not their privilege to advance their cause by deliberate misrepresentation of the opinions of other classes of Canadian citizens and the convention had not closed at which their own tariff platform had been re-asserted until the manufacturers adopted such misrepresentation as a means of giving apparent reasonableness to their demands.

A report was brought in by the Tariff Committee and endorsed by the Association which affirmed that: "In spite of objections to a more protective tariff presented to the Commission, the preponderating feeling throughout our country amongst all classes undoubtedly is that Canada should encourage its industries more effectively than it has done in the past." Needless to say "more effectively" in the language of the manufacturers can mean only "more tariff."

Later on the report says, "The farmers from one end of the country to the other, have requested increases in the tariff on their own products." That neither of these statements is correct or even reasonably related to the facts as disclosed at the sessions of the Tariff Commission need scarcely be said to those ordinarily well informed and governed by no motives of personal interest. That the manufacturers are not well informed will scarcely be averred. There remains therefore only the assumption that they were guided against their own knowledge by a selfish desire to credit their cause with a popularity they knew it did not possess.

If their future performances in the service of their favorite theory are to be patterned after the first fruits of their rejuvenated faith, these will be of a character which will heighten neither the Manufacturers nor their tariff ideal in the opinion of the Canadian people.

Proposes New Mill

John Walters Will Put In Plant On Edmonton Side To Handle 75,000 Feet A Day. Employ 100 Men

A proposition will come before the city council tonight from John Walters asking privilege to clear a piece of two streets, Donald and Walsh, at the southern extremity of the city and between First street and the Saskatchewan.

Mr. Walters' proposition is to build a large new mill of a capacity of 75,000 feet per shift, which he intends to have ready for operation by the opening of next season. The rapidly increasing business is becoming too large for the present Strathcona plant, and there is the additional advantage in favor of the Edmonton side that the market is here.

The new mill will employ between 75 and 100 men and will have every modern appliance known to the saw-milling industry.

Mr. Walters asks the privilege of closing the streets in order that he may have sufficient area for yards.

POLICE COURT

Edith Bailey, an employee in the Queens hotel appeared in the police court this morning for violation of the Master and Servant's Act. The defendant with certain others was employed in England by Mrs. Hetu of the Queens hotel and was advanced \$125 for transportation which she was to pay back at \$3 per month. The defendant has paid back \$18. Last week she left the Queens hotel without notice and got employment with another party leaving the \$107 to pay. The magistrate informed the defendant that she had committed a serious offence and that law in this respect was similar to that in force in England, and that she was liable to imprisonment for 30 days. The case was adjourned until Saturday to give the defendant a chance to pay up or go back to the employment of Mrs. Hetu.

It is not generally known by employees that violation of the Master and Servant's Act is so serious, and a number of very annoying cases have been reported.

MAN KILLED AT CANMORE

Canmore, Sept. 30.—A man was killed in the mine here Saturday. He was working in the mines when some rocks, it is believed, fell upon him. The man was a foreigner.

A GLANCE AT MR. FOSTER
Toronto News.—The eminent financier who is ex-managing director of the Union Trust Company, has been giving evidence before the insurance commission. Time was when Hon. Geo. E. Foster was well-known. Time was when dear departed Grip pictured him in caricature several times a month. But greatness faded away and the acclaim of the people is a vain thing. So that when one asked me: "Who is that lean, grey, wise-looking old chap that looks so unhappy?" I did not need to look, it could have been no one but Hon. Geo. E. Foster, ex-Finance Minister of Canada—whom Asquith would have put in a table as The Unhappy Fox.

"Grip long ago gave ephemeral fame to the Foster legs and general knitting-needle style of architecture. He is just as lean today as when Brough drew him—and a little drier and a little greyer. He wears a dull grey suit; he has a thin, dull grey beard; he speaks in a thin, dull grey voice; he seems to have a thin, dull grey outlook on life. He looks with surly, dull grey eyes on the commission, on the Dominion counsel and his own counsel, on tout le monde. The milk of human kindness has been churned and the fatness extracted. Now all is buttermilk. He mourns with exceeding bitterness of spirit—the aims of other people—i.e., the com. missions, imperious and resolute Shapley, the unconscious stenographer—everybody. Everything has gone to the demitisse bow-wow, and you hear the echo—'Ichabod, the glory has departed.'"

EDMONTON RIFLE ASSOCIATION

Saturday, September 29, saw a very good turn out at the ranges and on account of the approaching matches, an even better is looked for on the next two practices, October 6th and 13th. The new system of squading worked very well on Saturday, enabling the practice to be got through much quicker than the old method.

The following were the best scores made:

	Yards.

...NOTICE...

NOTICE IS HEREBY GIVEN that application will be made to the Parliament of Canada, at the next session thereof, for an act to incorporate a company to be called "The Saskatchewan Valley and Hudson's Bay Railway company", with power to construct a railway from the city of Edmonton Northerly and Easterly following the north bank of the North Saskatchewan River to a point at or near Smoky Lake; thence Easterly following the general direction of the said North Saskatchewan River on the North bank thereof to a point at or near Prince Albert; thence North Easterly to a point at or near Pelican Lake or continuing North Easterly to a point South of Ile La Crosse Lake; thence Easterly to a point at or near Pelican Lake and from a point at or near Pelican Lake to Fort Churchill on the Hudson's Bay.

DATED at Edmonton, Alberta, this 26th day of September 1906.

SHORT, CROSS & HOGGAR,
Advocates for the Applicants.

GRAND ISLAND AND HASTINGS, NEBRASKA

are two good island country towns, of about ten thousand population each and are about forty miles apart. Best business lot frontage is around five hundred dollars per front foot, and choice residential lots have sold as high as five thousand dollars. No boom on down there; just two good, live, wide awake country towns in rich, fertile farming districts. Neither one of them has one-tenth of the good land that is directly tributary to Vegreville; therefore we think that we are modest when we say that Vegreville will not stop growing before it reaches ten thousand people. Both a "banggood" have good lots for sale in Vegreville 50x150 feet, with good wide streets and alleys. They are priced reasonably and will go higher.

Western Items

The Saskatoon Phoenix will soon be housed in a fine new brick block.

The Methodist general conference have approved of the establishment of a university at Nelson, British Columbia.

J. Pollock, Saskatoon, threshed 4,800 bushels of wheat from 100 acres.

City council of Saskatoon will submit a by-law to raise \$30,000 for a hospital.

A new Presbyterian church was opened in Vermilion on Sunday, Sept. 30th by Rev. A. Forbes, of Port Saskatchewan and by Rev. A. E. Henry, Regina.

William Sloan, M.P. of Nanaimo, who represents Cornox in the House of Commons purchased sixteen lots in Saskatoon for \$30,000.

G. V. Reid, city electrician of Moose Jaw, who resigned last week has been re-appointed at the same salary, and is engaged not yearly as before but subject to sixty days notice on either side.

It is stated on apparently good authority that the Saskatchewan government will appoint a commission to conduct a general enquiry into municipal government and taxation. The members of the committee are likely to be J. W. Smith, ex-mayor of Regina; A. Whyte, mayor of Moccasin, and J. F. Cairns, a former councillor of Saskatoon. It is the intention to have the commission report to the legislature at the coming session.

Phoenix—Homesite entries at the Battleford Dominion Lands Office numbered 591 for the month of August. Letters received amounted to 2,151. Considering that August is the harvest month, these figures were excellent and compare favorably with previous years.

The C.P.R. have granted an increase of 31-2 cents per hour to the boiler-makers of the western division, making the rate now 40c. instead of 361-2 per hour. The fitters are asking for 42c. per hour. This question is now under consideration.

Port Saskatchewan Reporter.—Constable Rockwell of the R.N.W.M. Police paid a visit to the Reporter office on Monday. He had just come down from Athabasca Landing, and reports that all along the trail from the Landing, it was quite wintry, snow

and sleet having fallen in several places.

Port Saskatchewan Reporter.—The town scales have at last been put in position, and another source of revenue has been opened for the town. The contract was carried out by Messrs. Karon Bros., and although there was considerable delay in commencing the work. It was very quickly performed once a start was made.

Ponoka Herald.—We understand that a very persistent effort has been made by the people of Leduc to induce the Bishop of Calgary to have the Rev. E. H. Webb in charge of the church of England here, transferred to that place. We are pleased to learn, however, that it is Mr. Webb's intention to remain with us.

Port Saskatchewan Reporter.—A meeting of delegates of local associations will shortly be held in Calgary for the purpose of organizing the Alberta Protective Fish and Game Association. The object of the association will be to prevent the illegal killing of game and fish and to secure the better preservation of the game of Alberta. It is hoped that a local branch of the association will be formed at Port Saskatchewan and that delegates from this place will attend the convention at Calgary. Further particulars of the movement may be obtained from the secretary of the Calgary branch, P. H. Johnson, Molson's Bank, Calgary, or from B. C. d'Eacum, Port Saskatchewan.

Vermilion Signal.—Benjamin Lawton, chief game guardian of Alberta, spent Tuesday in town. Mr. Lawton is looking into the observance of the game laws in different parts of the province, and there is no doubt that in future they will be more strictly enforced. He is also open for suggestions for the better protection and preservation of the game of the province and he may have some suggestions to make to the department for the betterment of the game laws.

Wetaskiwin Post.—The Wetaskiwin Planning Mills Co., have just completed the installation of their new steam plant. The whole thing is modern and efficient. A Watrous engine of 50 h. p. will furnish abundant power to run every machine now in the building and any others that may be found necessary. A bore well 150 ft deep furnishes all the water needed and by means of a patent injector, supplies the boiler as required. By means of the tub running from the boiler and connecting with the well tube about

14 ft from the surface of the ground a stream of water can be shot from an ordinary nozzle 175 ft or high. A large tank of 100 bbl. capacity is to be placed close to the boiler and filled from the well. The new Syren whistle has already advertised itself and though a few sensitive people may object to it it will be of great use to the city.

Strathcona.

Strathcona, Oct. 1.—Great inconvenience was caused this evening here, owing to the electric light falling between 7 and 8 o'clock.

Provincial Boiler Inspector D. Fraser leaves today (Tuesday) for Ponoka. There are at present twenty cases in Strathcona hospital.

The town council holds its monthly meeting tonight.

Strathcona Industrial Exhibition is being held today, and all stores closed at 12 noon, giving the town a holiday aspect.

J. R. Wright, who has been spending a vacation amongst friends at Vancouver for the past month, returned home on Saturday.

Mr. William Magee, of Heather Brae, was a visitor here the other day.

Mr. P. G. Plinkie, of Vermilion, paid Strathcona a business visit at the end of last week.

Hon. A. C. Rutherford leaves here today to attend the Conference of Provincial Premiers on matters pertaining to the provincial subsidies and other important business.

Mr. C. W. Sheppard renewed old acquaintances in Strathcona on Friday last. Mr. Sheppard now resides in Vancouver, but recently had a hardware business in Leduc and later in Fernie, B.C.

Mr. Elmo Emery has returned from an extended vacation in visiting the principal coast cities.

Mrs. Tremonger left for Vancouver, B.C., on Saturday, to purchase stock for a store which she intends to open up here in the middle of this month.

MAY SETTLE MATTERS.
(Bulletin Special)

Winnipeg, Oct. 2.—An amicable settlement of the differences between the Canadian Pacific Railway machine and the company, it is understood, has practically been effected. Representatives of the union and Mr. Cross, master mechanic, were still in session yesterday. A substantial increase in wages has been granted by the company, the men in future receiving 37-1-2 cents per hour instead of 34 cents, the schedule heretofore in force.

Union Trust Co. Badly Swindled

E. Stevenson a director, says \$55,000 was Misappropriated in
Course of Investment of the Company's Funds in B.C.
Prominent Politicians Said to be Involved

Toronto, Sept. 26.—"We have been swindled out of \$55,000, and the swindlers will have to account for it."

"What are you doing in the matter?"

"We are waiting the result of this investigation to ascertain who the parties are, aside from Mr. Fowler. Our solicitors will be instructed to recover from any and everybody who had any connection with it."

This passage is from the evidence of E. G. Stevenson, a director in the Union Trust Co., especially appointed by Dr. Oronhyatekha to represent the I. O. F. He was referring to certain investments of the Union Trust funds in British Columbia.

When the insurance investigation resumed this morning Hon. Dr. Montague was present, and Mr. Shepley said that he had offered himself, if required, and would be available as a witness at any time.

E. G. Stevenson was then called and Shepley and he went over the checks for the payments of monies for the Kamloops Shuswap and Okanagan properties, including lumber mills and timber limits.

In connection with the Kamloops Co. there was a check for \$100,000, payable to Peter Ryan, dated February 9, 1904; a similar check for \$50,000 on March 9, and three other checks for \$25,000 each to the credit of Ryan, the last being June 9, 1904. These made a total of \$225,000 paid for this property. The checks for the Shuswap property amounted to \$40,000, there being four of \$10,000 each. They were given to Shields & Gregg. The first was signed by the Union Trust Co., and the last three by the Kamloops Co., in which the Shuswap property was merged.

UNION TRUST SUPPLIED CREDIT
Stevenson: "Whatever credit the Kamloops Co. had would be furnished by the Union Trust Co. This company acted as secretary and treasurer of the Kamloops Lumber Co. My impression is that the first check was paid before the Kamloops Co. was fully organized, and that would explain the check being signed by the Union Trust. For the Okanagan property at Enderby, B.C., \$175,855 was paid, and \$42,000 for logs. The checks were paid to Geo. W. Fowler, M.P., who conducted the negotiations for the Kamloops Lumber Co."

Shepley: "Do you know where Fowler is now?"

"No I can't say that I do. The last I heard of him was when he wired us from Banff last week. Negotiations have been in progress for selling Kamloops property by the Union Trust Co. and it was not necessary to get the other stockholders to consent."

Shepley: "The Union Trust Co. decided to get out of it entirely?"

"Yes."

Stevenson then said that Foster had already transferred his stock to the Union Trust Co. Fowler wanted to be released from the note for \$185,000 for

his part in the original investment before he surrendered his stock.

FIRST INTIMATION OF SWINDLE

"What was the first intimation you received that \$225,000 was not a true consideration?"

"About one month ago, when my son was in the west. He sent me a copy of a Vancouver paper."

The report purported to be the testimony of Peter Ryan in a controversy with John Shields over the sale of timber limits. Ryan's testimony showed that the consideration was \$170,000 and that he had paid out of \$225,000 the sum of \$55,000 to Fowler. I did get an impression that a sum under \$50,000 had been paid.

"My impression was that there were two options that one option presented was fictitious with the object of getting an additional \$55,000 out of us."

"You can say you learned that the true consideration was \$170,000 and that when you paid Ryan \$225,000 then you paid \$55,000 too much, which had gone somewhere?"

A STRONG STATEMENT.
"We have been swindled out of \$55,000, and the swindlers will have to account for it."

"What are you doing in the matter?"

"We are waiting the results of this investigation to ascertain who the parties are, aside from Fowler. Our solicitors will be instructed to recover from any and everybody who had any connection with it."

"Have the Union Trust Co. been endeavoring to acquire information?"

"Yes."

"Have you any information said to come from any of the parties?"
"Only a number of checks which Tuley was kind enough to show me. I called upon Fowler about one week ago, when he first came to the city, and informed him of what I had heard. He replied that he had heard something of it but that he had no information whatever. On the contrary, he thought \$225,000 was the true consideration that was made."

TERMS OF AGREEMENT.
Shepley read an agreement of June 18, 1904, between George W. Fowler, of Sussex, William Irwin, of Peterboro and Geo. McCormick, of Kamloops, with the Union Trust Co., regarding Canadian timber limits in British Columbia. Foster was named as the trustee, and the statement of the incorporation of the Kamloops Lumber Co. thus formed showed its capitalization to be \$200,000, divided as follows: Geo. W. Fowler, 12 1/2 shares or \$125,000; Wm. Irwin, 600 shares, of \$60,000; Geo. E. Foster, 12 1/2 shares or \$125,000; E. G. Stevenson, Geo. Oronhyatekha, Lieut. Colonel McGillivray, 10 shares, or \$1,000 each; together them as trustees, and the Union Trust Co., 2,500 shares or \$250,000.

Mr. Shepley read a copy of the agreement for taking over the Okanagan Lumber Co. by the Kamloops Co., in which McCormick and Fowler took 37 per cent. interest after borrowing the money from the Union Trust. A bill of sale dated May 21, 1904, for the purchase of the Shuswap Shingle Mill Co., and timber limits for \$40,000, also spoke of Foster as a trustee in the transaction.

In taking over the Okanagan Co., thirty-three square miles of timber limits were also acquired. An option on the property was secured by Fowler. The logs for which \$42,000 was paid cost \$6 per thousand.

Shepley: "All the money was handed over to Fowler and dealt with by him. What was his relation in the transaction?"

"I understood he was acting for us."

and did not know of the directors of the Union Trust borrowing money.

HAD TO DIVIDE UP.

Peter Ryan was called. Shepley asked Ryan to relate the reasons Fowler gave for wanting the consideration placed at \$225,000, when the purchase price was really \$170,000. Ryan said Mr. Fowler did not give any grounds. He was unable to remember the conversation but said the effect of it was that he was to get \$170,000 and give Fowler back \$55,000. So far as that was concerned the matter did not interest him at all. Fowler was, he knew, making a profit upon the transaction, and he did not object.

The point was relentlessly pursued by Shepley, and ultimately Ryan admitted that months after the transaction Fowler informed him that he \$55,000 was not for him, but that he had to "divide up," but he never asked him and could not say who he was going to divide up with.

"Did he tell you?"

"I won't answer."

Telegraphic

QUAKES IN PORTO RICO

San Juan, Porto Rico, Sept. 28.—The city of San Juan and the island of Porto Rico experienced a series of heavy earthquakes last night beginning at 10:47 p.m. People were thrown into a condition of consternation and alarm, but the resultant damage was comparatively slight and there has been no loss of life.

The first perceptible tremors brought many people in alarm to the streets. They increased in intensity for five seconds and then decreased for five seconds. Following this came the most severe shock, the earth shaking violently for five seconds. The first movements were from east to west and were followed by heaving motions such as are experienced on board ship in a heavy sea.

San Juan people were stunned and when they suddenly realized that an earthquake was on them, consternation and alarm prevailed throughout the city; people thought of the catastrophes of San Francisco and Valparaiso. They fled from their houses to the open squares. Panic reigned and hysterical women fainted and began praying in the streets while large numbers passed into the churches. The schools were stampeded, the children narrowly escaped injury in rushing from the building. The government buildings in San Juan were quickly emptied everybody rushing frantically to the open places for safety.

Many roofs are shaken off. Telephone and telegraph and electric light wires are among the mass. The water front is strewn with wreckage for miles on either side of the city, and vessels are pitched on the wharves, or where the wharves once were, in utter ruin. Big iron steamers and many lighter sailing ships are lying high and dry up in the city where the tide has never before been known to reach. The wharves for miles around have been swept away or damaged beyond repair. The electric power was shut off at one o'clock this morning. There is no street car traffic, and communication with the outside world is practically cut off. The streets are strewn with timbers and broken glass.

This dispatch with other telegraphic matter is being hurried to Flomont, Ala., by the Western Union manager, who makes the trip by train. It is feared that great havoc and loss of life will be shown when reports from the entire section along the coast can be gathered.

Washington, Sept. 27.—Bajalet reports to the United States weather bureau tonight from Porto Rico announce that the many clouds throughout the city stopped at 10:47. Reports received here from other points on the island show that the shock was general and that it lasted for thirty seconds everywhere. Schoolhouses and churches in Humacao, Guayama and Pajaro were slightly damaged.

St. Thomas, Danish West Indies, Sept. 28.—There was a sharp and prolonged earthquake, shock here early this morning but no damage was done.

BANKHEAD MINERS KILLED

Banff, Alta., Sept. 23.—Two Italians, A. Vanning and P. Zaccaro, were buried beneath 70 tons of coal here on Saturday in the Bankhead mine and it was two hours before the facts were discovered. Gangs of men worked all night and till 1 o'clock on Sunday, before the first body was unearthed, the second being discovered two hours later. The funeral will be held on Monday and will be conducted by the Miners' union of which the dead men were members.

MINER'S CAPTORS GET REWARD

Vancouver, Sept. 27.—Announcement has been made by R. Margoli, general superintendent of the C.P.R. that within a few days the reward of \$11,500 for the capture of Trainrobber Bill Miner and his gang, offered by the railway company, the Dominion and provincial governments will have been paid.

The matter has been under consideration at Ottawa for some time, and until the Dominion Government had settled the matter the other two rewards were not paid. News was received from the Hon. Wm. Templeman that the \$5,000 reward offered by the Federal government was available.

The reward will accordingly be distributed by a committee composed of J. E. McMillan, on behalf of the federal government, and Superintendent Hueter, on behalf of the provincial government. The last named is paying \$1,500 and the C.P.R. gives \$5,000.

STONES SLAUGHTER GAME

Vancouver, Sept. 28.—Despite the vigilance of Bryan Williams, provincial game warden and his deputies, the Stone Indians of Alberta have broken through the mountains again and are at the present time racing through Northeast Kootenay on a carnival of game slaughter. Having received word of the raid, Mr. Williams left last night for Wilmer. From there he will proceed in pursuit of the Indians, in an effort to round them up and drive them out of the country.

DETECTIVE SHOT

(Bulletin Special)

Montreal, Oct. 1.—While arresting a burglar in St. Mark's warehouse yesterday, Detective Lepelletier was shot in the right arm and neck, and is now in the hospital. The case is fortunate, not serious. Detective O'Keefe, who was present, felled the burglar, who is a robber named Walker, a ticket of leave from St. Vincent de Paul penitentiary, with a terrific blow from a pick axe handle. The burglar is still unconscious.

THE COUNTRY OF THE CENTURY

(Bulletin Special)

Montreal, Oct. 1.—Prof. O. H. McLeod, McGill, interviewed Saturday, said, "Canada is emphatically the country of the twentieth century in every line from mining to agriculture. Members of the Canadian Society of Civil Engineers, who have just returned from a tour of the far west, are enthusiastic believers in the future of the country."

TOO MANY BANKS

(Bulletin Special)

Montreal, Que., Oct. 1.—Hon. J. J. Forget who accompanied Sir Thomas Shaughnessy and the C. P. R. directors through the western provinces to the Pacific Coast, said Saturday that the only feature aimed at the greatness of Manitoba, Alberta and Saskatchewan which he considered detrimental to the healthy financial development was the really abnormal multiplicity of branch banks.

MINING CASE DISMISSED

(Bulletin Special)

Ottawa, Ont., Oct. 1.—In the exchequer court today the case of Norman McLean, of Vancouver, against the Crown, was dismissed. McLean claimed certain mining rights under lease from the Crown in the Yukon. Subsequently the Crown gave placer mining rights over the ground which the lease covered and for this McLean wanted damages. The case was dismissed as it was held that the Crown had the right to do so.

WILL DISPEL THE NOTION

(Bulletin Special)

London, England, Oct. 1.—Sir Frederick Borden has returned to London from the continent and will have interviews with the war office and the Admiralty authorities tomorrow. Sir Frederick Borden visits Coventry on Thursday. He was greatly surprised at recent utterances in Canada, regarding militarism and expressed his intention to seek an opportunity on his return home to dispel from the minds of the people any idea that the military is getting the upper hand.

VEGREVILLE RACES

Vegreville, Sept. 29.—The following are the final results in yesterday's racing at the fair.

Free for all pace, best two in three.—Miss Ellabell last; Weary Willie, 2nd; time 2:11.2.

PATERSON'S COUGH DROPS

Take one when you feel the cold coming on—take one when that rough cough—when you give throat, chest and lung trouble. Also for the three-coughed and inflamed and sore throat.

THEY WILL CURE

It uses the heat while the heat's hot

One-way fire travel, in this right furnace, means the heat moves in one direction—not through a maze of sections; and THAT means you get the heat's good—all of it, in clean, HOT heat. Most furnaces don't give up the heat till it's lukewarm.

Oxford Furnace

Warm air Furnace
Your fuel bills will be less next winter, your house amply warmer, once you see what this furnace really will save. Burns any fuel that's really fuel, and gets all the good out of all it does burn. PERFECT combustion—Oxford three-sided grate-bars, built hollow, assure that. They burn a lot of A.B.T. that's why. Burn to repair them, too—take out any one and disturb no other. Extra big feed—four inch—any one rough, big, cheap fuel—that's a saving worth your while. Specially big built—needn't clean it out so often.

THE GURNEY FOUNDRY CO., LIMITED.

Toronto—Hamilton—Montreal—Windsor—Vancouver

The Gurney Standard Metal Co., Limited, Calgary. JOHN SOMMERVILLE & Co.

Let us send you a book that tells why this is the furnace you want to heat your home next winter. Or come and look over this right furnace—come and see the way it's built—see its unusual economy points, its strong construction—built to last many years and to save money every day it's used. See it you really ought.

Murray & Blair, Proprietors

LOCAL ITEMS

—Grading commenced yesterday on the hill on McKay avenue.

—The Union Bank will be open for business on Saturday evenings from 7 to 9 p.m.

—A gang began work this morning grading Isabella from Fraser to Namoy.

—W. F. H. Thompson of Vermilion is in town today and reports that building is very much rushed as settlers are arriving fast.

—H. A. Couse, of Sarnia, Ontario, a prominent business man of that town is a visitor in the city, staying at the Windsor.

—Principal Riddell returned last night from his trip to Montreal where he was in attendance at the Methodist General Conference.

—A new cement mixer, made by the Municipal Machinery Co., was unloaded at the C.N.R. yesterday for the Taylor Construction Co.

—The sight singing classes conducted by Mr. Chisholm of Alberta College begin this evening at 7.30 in the Assembly hall of the College.

—The Kenneth McKenzie wholesale grocery have moved to their new warehouse premises on the east side of Fourth street, north of Athabasca.

—An officer of the R.N.W.M.P. will be stationed at the Wetaskiwin branch of the C.P.R. Constable Shand left Fort Saskatchewan today to take charge.

—Nineteen cars of cement from Owen Sound for Taylor & Boucher, passed through Winnipeg the other day for Edmonton daily decorated with flags.

—The funeral took place yesterday of Leola, the four-year-old daughter of Mr. and Mrs. J. M. Pazeant of Bellamy street. Rev. A. M. McDonald conducted the services.

—The Daughters of the Empire, Westward Ho Chapter, Edmonton, will hold a meeting at the home of Mrs. H. C. Wilson, Sixth street, on Wednesday afternoon at 3 o'clock.

—The Ladies' Hospital Aid Society decided at their meeting afternoon to hold the annual charity ball on Friday, the 19th inst. Price of the tickets for gentlemen will be \$2, ladies \$1.

—Revillon Bros. announce by large streamers on their windows that their place of business is closed this afternoon out of courtesy to the Strathcona fair in accordance with Mayor May's request.

—Mr. John Hart, who has been in the general hospital for the past week threatened with pneumonia is out and around again today. Mr. Hart purchased this morning a new house from Can Begg for \$3,400 on the corner of Ottawa and Boyle street.

—Rev. Dr. Wm. Moore, secretary and lecturer of the Canadian Association for the Prevention of Consumption and other forms of tuberculosis will lecture on the subject in the Odd-fellow's hall, Norwood block on Saturday evening, Oct. 6th.

—The C.P.R. announces a rate of \$25 from Strathcona to New Westminster or Vancouver in connection with the provincial exhibition at New Westminster. Tickets on sale Sept. 23 to October 1st and good to return until October 15th. Tickets at correspondingly low rates from other Alberta points. For further particulars apply at the local ticket office.

—Major Schurman, a large contractor and capitalist of Sumnerville, P. E. Island, who is making a tour of the West is in Edmonton today and proceeds south this afternoon en route to the Coast. He is accompanied by his son, Ureille Schurman, manager of the Bank of Nova Scotia at Berlin, Ont. Mr. Schurman is a brother of Dr. J. G. Schurman, president Cornell university.

—Mr. Charles Lagourgue has come to the city recently from Paris, France and begun the teaching of music. Mr. Lagourgue was gold medalist at the Paris Conservatory of Music and is the author of several selections played by the famous orchestra of the Opera Comique. Since coming here he has composed a waltz entitled "Edmonton," and is now engaged on one entitled "Alberta." Mr. Lagourgue returns to Paris next month for his wife and family.

—W. A. D. Lees of Fort Saskatchewan was in town yesterday. He stated that work would begin at once building the fence around the elk park. An effort will be made to have the post in before the ground freezes. Three sides of the enclosure, which is four miles square, will be fenced and wing fences extended from the corners of the open side. A "drive" will then be organized to herd the elk into the enclosure where they will be kept by a line of sentries until the remaining fence is completed.

—A mistake of credit was made in the Bulletin's report of the Manufacturers' reception yesterday. Mrs. Gagnon prepared and served the supper which was served in the rink at the promenade concert on Saturday night. The credit was inadvertently given to a prominent downtown restaurant.

—Mrs. E. Pugh and three children left Tuesday for Edmonton, Alberta, to join Mr. Pugh, who has spent the summer in the north. Mrs. Pugh will be much missed from the musical and church circles of this place. St. Mary's church choir will miss her sadly and the music pupils will have difficulty in supplying her place. As musical instructor she was the finest, combining the practical and theoretical in a harmonious manner.—The Ottumwa (Iowa) Courier.

SOCIAL AND PERSONAL

The Bishop of Calgary is in the city. E. Portias, of St. Paul des Metis, is in town.

C. M. Nairn left for Battleford last night.

Ald. Calhoun left for the Coast yesterday afternoon.

Mamar Greenwood British M.P. left for the east on the C. N. R. last night.

D. W. Kern, of the Kana Piano Co., Woodstock is staying at the Alberta.

F. R. Rudi, of Astleyville, was apaiser on last night's C. N. R. east-bound.

Miss Winnifred Brewer, of Winnipeg, is visiting at the Pendennis with her aunts, Mrs. Donley and Mrs. Finch. Mrs. H. H. Fitzgerald and Mrs. R. R. Kelley will receive the first Wednesday of each month at 523 Fifth street.

Mrs. C. B. Beale returned last evening from a two months' trip to the coast, accompanied by her daughter, Miss Jean.

Mrs. C. E. Race will not receive this month until Wednesday of next week Oct. 10th and thereafter on the first Wednesday in the month as usual.

The Misses Clarke of Winnipeg, who have been spending some time holidaying in the Rockies, are resting awhile at the Pendennis before returning east.

Max Cowdewy, who has been ill at the hospital for some weeks left yesterday afternoon in company with his mother for Vancouver. Mrs. Cowdewy has been in the city attending her son for some time.

BORN

Dickenson—At Edmonton on Monday, October 1, 1906, to Mr. and Mrs. Russell Dickenson, a son.

HOTEL CECIL OPENED.

The new Hotel Cecil was opened last night with feasting, music and jubilation. Supper was given to a large number of the most prominent citizens who were invited by the genial hosts, Messrs. Lannette and Belanger. During the evening music was furnished by Clark's orchestra and by the Edmonton brass band under Mr. R. Duplessis.

"Nine weeks ago," said Architect W. S. Campbell, "this place was all brush, and tonight the building stands completed." The building is modern in every particular, costing \$50,000, and will be under the management of experienced hotel men. Mr. Belanger has been in the hotel business over seven years in the City of Quebec.

The rotunda is fitted up with a counter and cigar stand, with a private office and a private office from which a complete system of electric lighting is manipulated in any part of the house. The dining room contains twelve tables arranged in two rows, between which is laid a beautiful strip of red carpet. Last night baskets of red and white astors, with sweet peas, were hung above every table, and each guest was presented with a small bouquet of sweet peas. Three beautiful pictures adorned the wall painted by Henry Long, which cost \$275 and for which Mr. Lannette was offered \$500 before he hung them up in his dining room. The tables and chairs are of English oak. A complete telephone system to every room, connects with the main office. Each flat is provided with a fire escape and balcony. A winding stairway leads from the bottom to the top flat, with a skylight immediately above which lights the entire stairway. A private stairway leads from the first flat to the dining room so that ladies may pass the dining room without going through the rotunda. Every room is heated with a steam coil and is beautifully furnished with splendid furniture.

The proprietors, Messrs. Lannette and Belanger are determined to conduct a modern, up to date hotel and to meet a large share of the trade of the travelling public. A bus will meet all trains at both stations.

Mr. W. S. Campbell is the architect, and Mr. L. U. Breton the electrician. The bar fixtures are supplied by Wm. C. Pratt & Co. and manufactured by the Brunswick Balke Col. Co. and cost \$1500.

A REVIEW OF THE CRICKET SEASON

The cricket season is practically over and a few lines of retrospect will be in order. The season has been conspicuous for the success of the eleven in all their matches.

For the first time the Central Alberta Championship cup was completed for Edmonton defeating Pine Lake in the final at Red Deer last July.

JOHN I. MILLS
The Clothier and Hatter.

The Ochsner Cup, which represents the championship of Northern Alberta was obtained also by Edmonton for the second year in succession.

The bat again presented by the Tally Tea Company, has been won by Captain Worsley. Mr. Jones headed the bowling analysis. H. R. Mountfield, who was elected captain at the first meeting in March, has only played on two or three occasions. There have been fewer members this year. The club finds that there is a deficit of nearly fifty dollars, but hopes that it may soon see its way clear to relieve itself of this debt. The club has again enjoyed the use of the exhibition grounds, and extends its thanks through the columns of the paper to the mayor and council for their courtesy. The help given by the ladies in providing teas has been appreciated.

The batting and bowling averages in full:

	Tis	Ings	not	H's	Ave
Worsley	204	10	2	78	25.5
Berenshaw	165	7	0	66	23.5
